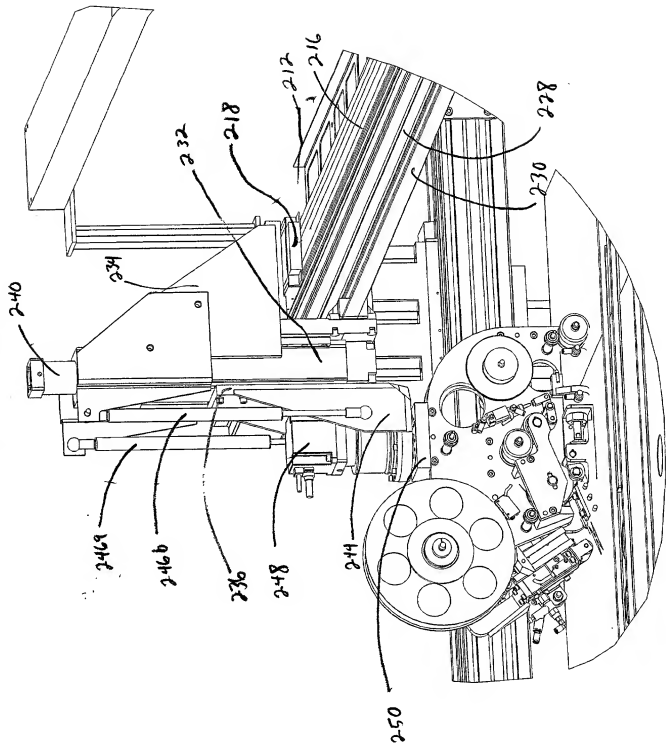

Figure 7A

FIG. 15 is a perspective view of a mechanical assembly, likely a pump or motor. The assembly includes a main housing (77, 74, 79) with a central shaft (78) passing through it. A motor or actuator (50) is mounted to the side of the housing. Various mounting brackets and fasteners (68, 62, 63, 70, 110, 114, 116, 122, 124, 128, 132) are used to secure the components. A dashed circle indicates a section view, with an arrow pointing to the text "SEE FIG. 16".
